

PLACING INTEGRATED EXPERTS WITH PRIORITY PARTNERS OF BMU IN DEVELOPING AND NEWLY INDUSTRIALISING COUNTRIES IN ORDER TO BUILD CAPACITY IN RELATION TO CLIMATE-RELEVANT ISSUES

As of: October 2021

Eight experts were sent by CIM to partner institutions in various countries worldwide as part of this project (CHL, COL, KAZ, MDV, MEX, UGA, VNM). The so-called 'integrated experts' developed knowledge on climate-relevant topics in the institutions. Through local employment contracts, they were closely integrated into the structures of the partner organisation. The experts worked directly with the local employees in the countries, provided them with further training and shared their technical and methodological knowledge as well as their contacts to international stakeholders.

State of implementation/results

- Project completed. Eight experts were sent by CIM to partner institutions in various countries worldwide as part of this project (CHL, COL, KAZ, MDV, MEX, UGA, VNM). The so-called 'integrated experts' developed knowledge on climate-relevant topics in the institutions. Through local employment contracts, they were closely integrated into the structures of the partner organisation. The experts worked directly with the local employees in the countries, provided them with further training and shared their technical and methodological knowledge as well as their contacts to international stakeholders.

PROJECT DATA

Country/Countries:

Chile, Kasachstan, Kolumbien, Malediven, Mexiko, Uganda, Vietnam

Implementing organisation:

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

Political partner(s):

- Diverse climate change relevant institutions in the respective partner countries/Diverse klimarelevante Institutionen in den entsprechenden Partnerländern

BMU grant:

€ 3,750,000

Duration:

01/2011 till 06/2018
