

## SUPPORT TO COP25 PRESIDENCY

As of: January 2021

This project supports the Government of Chile technically and financially in strengthening its capacities regarding its Presidency role over the 25th Conference of Parties (COP25) to the United Nations Framework Convention on Climate Change (UNFCCC). It funds a group of experts in the international negotiations, content developers and communication staff, who provide experience and inputs to a wider team of Chilean public servants. This shall support the COP Presidency regarding the process of increasing ambition of the Parties, regarding the exploration of new workstreams under the UNFCCC as well as implementing NDCs and climate policies. The scope of the project includes the preparation for intersessional meetings, coordination with Costa Rica (Pre-COP), COP realization (Jun-Dec 2019) and follow up during transition (Jan-Dec 2020).
