# Multi-Partner Trust Fund on Nature for Health

## Enhancing Pandemic Prevention: 50 million Euros for the new Nature for Health Trust Fund

The health of the environment and animals are key factors that influence human health. It is against this background that the "One Health" approach is based upon; and led to the establishment of a Multi-Partner Trust Fund on Nature for Health.

The new fund aims to assist countries achieve more holistic policymaking by creating further evidence of the links between biodiversity, climate and health. It will also support decision makers and relevant actors to take measures to prevent future pandemics. The fund is supported by the IKI, working together with key international organisations.
