

# 10 Years IKI - Facts and Figures

## IKI funding volume by funding area 2008-2017 (in million euros)

## Level of IKI support according to region 2008-2017 (in million euros)

\* The Doha accounting method was selected to convey the importance of the energy and climate fund (ECF) more transparently over a longer period. This means that bilateral projects from the IKI are counted as commitments, and bilateral projects from the ECF and multilateral contributions are counted as expenditures in the 2008 to 2017 period.
