Launch of the Joint Multi-Donor Fund for Climate Vulnerable Forum (CVF) and the Vulnerable 20 Group (V20)

As storms, droughts, floods and other extreme weather events become more frequent due to climate change, the effects in countries like Bangladesh and the small island states continue to rise. This new fund aims to support CVF member states to set priorities in climate change mitigation and to implement effective measures in climate change adaptation and mitigation of greenhouse gas emissions. Recognizing the initiative, Jochen Flasbarth, BMU State Secretary, said: “Our International Climate Initiative has a history in working with Least Developed Countries, Middle-Income Economies and Small Island Developing States, and we have already supported individual CVF activities in the past. But the initiation of the multi-donor fund has now enabled the establishment of a permanent funding base.”
